

South Dakota Proof of Concept SBIR Supplement Program

Purpose

The SBIR/STTR Supplement program is to support SBIR/STTR awardees to enhance their Phase II application, bridge work between Phase I and Phase II and commercialize the results of the SBIR/STTR project. The goal is to increase the competitiveness of the SBIR/STTR Phase II proposal and successful commercialization of product developed with SBIR/STTR funding.

Application Process

- Complete the application form. Submit the application via email to the following individuals.
 - Mel Ustad – Mel.ustad@sdstate.edu
 - Ann Gesick Johnson – Ann.gesick-johnson@state.sd.us
- Application should be a maximum of 5-pages.
- Up to \$25,000 may be requested in the itemized budget. Budgets cannot be used to pay principals or family members of the submitting company. A 10% match by the company must be included in the budget. SBIR funds can be used to meet the match requirement.
- GOED Commissioner, staff and South Dakota SBIR Center Director will review the application and issue an award agreement if the application is approved.
- Applicants must be eligible to participate in the SBIR program.
- The awardee must provide documentation actual expenditures for which reimbursement is requested.
- Upon receipt of the documentation and approval then a final payment will be issued to the awardee.
- The awardee must notify GOED on the outcome of the SBIR/STTR application and project. If the federal agency does not fund the Phase II application and the applicant does not continue to pursue development of the project the awardee would have no obligation to repay the supplemental funds. If the federal agency does fund the Phase II application the supplemental funds may be converted to a loan or equity at a later date if commercialized successfully.

Questions?

If you have questions about the SBIR Phase 0 program, please contact Mel Ustad using the email address above or by phoning 605-670-1678.

South Dakota Proof of Concept SBIR Supplement Application

Applicant Contact Information:

Name:
Address:
Phone:
Email:

Federal Agency making the SBIR award:

Name of Federal Agency:
SBIR Award # and dates (Attach SBIR/STTR abstract):

Please provide the following information as an attachment (not to exceed 5 pages).

Summary: Provide a brief description of your company/product/idea and indicate what makes it unique (200 words or less). Also include a summary of the steps taken in Phase 1 to date.

Background: List and briefly describe the objectives. Briefly review the current status of the proposed work and include any pertinent IP status (disclosure, ownership, licensing arrangement, etc.), commercial interest, preliminary data and competition or barriers to market entry.

Work Plan: Clearly and succinctly describe the tasks to be done, identify who will do each task and provide a timeline for completions of each task with milestones used to determine success. Please include information as to the completion of Phase 1 and the submission of the Phase 2 application.

Commercialization Plan: Outline our plan for bringing the innovation to market, identify partners you plan to work with and include documentation of their interest or potential interest if your proof of concept research is successful. Clearly identify the economic impact on South Dakota's economy in terms of job creation, partnerships with existing SD firms, etc.

Biographical Sketch: One page bio for each participant (not included in the 5-page limit).

Proof of Concept SBIR Supplement Detailed Budget Worksheet

Please itemize the budgeted expenses up to \$25,000 for your SBIR Supplement Proof of Concept request. If multiple items are budgeted under a category, the separate costs for each item must be provided.
